FOREWORD

With the 2024 election activities preparations at a glance, the Electoral Commission of Namibia (ECN) is pleased to announce the registration points for the upcoming 2024 General Registration of Voters (GRV). The Commission has identified 4297 registration points in all 121 Constituencies across the country with 3849 registration officials to be deployed at all the points. The registration points were determined based on various factors, such as the population density in terms of the preliminary population statistics report released by the Namibia Statistics Agency (NSA). The location of the registration points takes into account accessibility by the populace, distances, previous registration statistics and the duration of the registration process. The Commission has endeavoured to ensure that the registration points are strategically located to reach a wide range of eligible voters. Some registration points will be fixed at certain places for the duration of the registration period, whilst others will be served on a mobile basis.

The 2024 GRV is scheduled to take place from 03 June 2024 to 01 August 2024 over a period of 52 days. In terms of section 25 (1) of the Electoral Act, as amended, all eligible voters are required to register afresh during this period within the constituencies in which they reside. Registration points will be open from 08:00 to 19:00, Monday to Saturday throughout the country and at all Namibian Diplomatic Missions abroad. Depending on the population density, some constituencies will have more registration points than others.

The preliminary population statistics released by the NSA on 13 March 2024 indicate that the Namibia population has increased to 3,022,401. Derived from the population census, 1,731,790 Namibian citizens are eligible to register as voters. Therefore, based on experiences and lessons learnt during the 2014 GRV period, meticulous planning has gone into the preparations for the 2024 GRV, given the resources invested in the execution of this process.

The Commission is therefore urging all eligible voters, who turned 18 years and above, to register during the 2024 GRV period at all established registration points in the constituencies where they reside. “Step up for your right, register to vote.”

Petrus Shaama
Chief Electoral and Referenda Officer

REGISTRATION OF VOTERS

Primary Purpose of voter registration

Voter registration aims to ensure the inclusion of every eligible voter in the voter's register, and to prevent those who are ineligible from voting and to guard against multiple voting by the same individual. The accuracy of the voter register is vital in upholding the voting rights of all qualified individuals.

People should not be denied registration as voters on the basis of race, sex, language or religion.

General Registration of Voters (GRV)

The conduct of the General Registration of Voters is provided for in Section 25 of the Electoral Act, Act 5 of 2014 as amended. This type of voter registration occurs every 10 years and encompasses the total registration of eligible voters, irrespective of their prior registration status. Additionally, it requires the replacement of the current national voter's register.

Persons who can register as voters in Namibia

Section 22 of the Electoral Act, provides the following criteria to register as voters in Namibia:

A person MUST be:

- (a) Be a Namibian citizen;
- (b) 18 years or older; and
- (c) able to identify him/herself physically and by provide the required documents.

In order to register as a voter within a local authority's jurisdiction, an individual must have lived continuously within that specific area for a period of 12 consecutive months leading up to the election.

Registration of Voters Outside Namibia

In terms of Section 23 of the Electoral Act, Act 5 of 2014 as amended, Namibian citizens temporarily residing outside the country are allowed to register for the Presidential and National Assembly elections only. Temporary registration points may be established at any Namibian diplomatic mission.

Registration of Namibian citizens residing abroad takes place over the same period as voter registration in Namibia for the Presidential and National Assembly Elections.

The Voters' Register

A voters' register is a list containing the names of all registered voters in all constituencies and local authority areas. The Electoral Act requires ECN to compile and maintain two types of voters registers:

- (a) A National Voters Register compiled on a constituency basis of all voters in the country;
- (b) A Local Authority Voters' Register of voters registered in a given local authority area.

Preparation and publication of provisional voters' register

In terms of Section 31, of the Electoral Act, the Chief Electoral Officer (CEO) must prepare a National Provisional Voters Register (PVR), in respect of voters registered in a constituency or local authority area.

This PVR must contain the names, residential addresses, and voter's registration numbers of all eligible voters'.

The PVR is published as per the timeframes as provided for in the Electoral Act No.5 of 2014 as a notice in the Government Gazette specifying the:

- (a) Places and times during which copies of the provisional registers are available for inspection by registered voters and;
- (b) Period, within which objections may be made in respect of the names of voters appearing on any such register.

The CEO must avail upon request to every registered political party or organization a copy of the provisional national or local authority voters' register.

Objections against names included in a provisional voters' register

In terms of section 32 of the Electoral Act, registered persons, political parties or organizations/associations may lodge, within the prescribed period of 14 days, after the publication of the provisional voters' register, an objection in writing to the electoral tribunal (designated magistrate offices) against the inclusion of the name of any other person on that register on the grounds that the person is not entitled or qualified to be registered as a voter or is not complying with the requirements in relation to residence.

Preparation, certification and publication of the voters' register

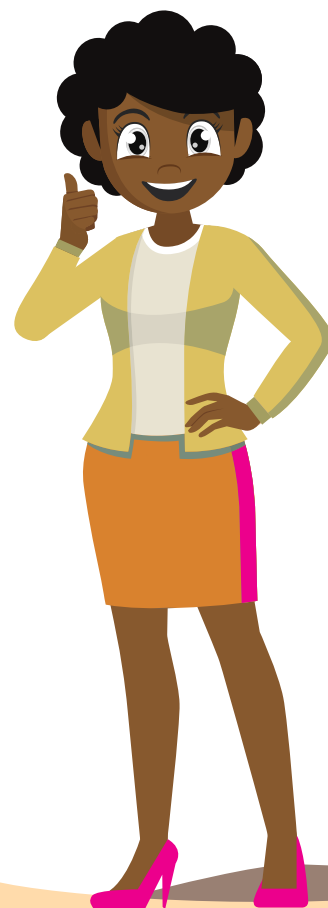

In terms of section 36 of the Electoral Act, the Commission must publish a notice in the Gazette stating that a voters' register has been completed and certified by the Commission; and specify the places where copies are kept for public inspection.

Upon the publication of the notice, the CEO must avail free of charge to every political party a copy of the voters' register.

“

Let's stand together, united in our commitment to democracy. Let's register to vote and acknowledge our right as citizens of a democratic nation.

”

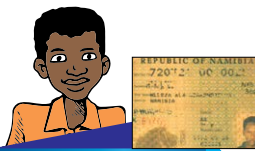

GENERAL REGISTRATION OF VOTERS

03 JUNE - 01 AUGUST 2024
